Old / Unfinished Business:

- Ron Rifenburgh questioned the status of Red Rock responding to all emergency calls in their district. Tab explained that Red Rock is still not being dispatched to priority 3 and 4 calls and would like to see the Fire Advisory Board give their opinion on the matter. A letter was written by Red Rock asking that the Board's opinion be put in writing to them. Tab explained that a letter was already given to 911 Center requesting to be dispatched to all calls. Red Rock received a letter from the County Attorney's office, which he shared with the Board. Joe Loeffler said the Board supports Red Rock going to whichever calls they choose as the "home rule" should take precedence. Board members feel that we have gone as far as we can and it is now a County issue. A motion was made by Mike Stelling and 2nd by Gary Mazzacano to have the Secretary send a letter to Red Rock stating that this Board supports them with the home rule. Motion carried.

New Business:
