

In lieu of Directors' Meeting April 21, 2021

The guide lines that are currently in affect prevent us from holding this meeting until further notice unless there is something that requires the participation & approval of the full membership.

Bills that require payment will be taken care of.

Christine: please send me a copy of all fire prevention and trailer expenses including insurance and registration fees from 2020. The Firefighter's association splits those costs with us.

The fire advisory board has put together a committee to start up a firefighter recruitment and retention program. The Firefighter's association has put in \$5000 to start and we will be asked to put in something.

Secretary,  
Irene Huston
